

## PLUME ACADEMY - LEARNING OVERVIEW

Year	8
Subject	French

### Prior Learning

The Year 8 French curriculum builds on prior learning by continuing to offer students the opportunity to build their foundation language skills developed in Year 7 via exposure to increasingly challenging Listening, Speaking, Reading and Writing tasks. New grammar and vocabulary concepts and items will be introduced, as well as recall opportunities to ensure previously-learnt material from Year 7 is consolidated and embedded.

### Curriculum Intent – What are the curriculum aims?

The Year 8 French curriculum aims to equip students with the necessary language skills to be able to communicate effectively in at least two tenses, give their opinion and develop their use of different connectives when writing/speaking in French. The curriculum also aims to widen students' vocabulary and equip students with the skills to listen/read in French. The modules studied are designed to provide a window to the Francophone world, covering themes that are relevant to the lives of young people. Key cultural themes, such as Fashion, Food and Traditional Holiday Destinations are also introduced, providing students with a well-rounded appreciation of the rich culture in France and French speaking countries, as well as the language.

### Curriculum Implementation – What my child will be learning?
